February 2026

Dear class-taught Christian Scientists,

It is with special joy that we are sending a message of loving gratitude to Christian Science associations. The global activity of Christian Science begins with each student of this Science. Our unified and unifying practice of the Science of Christ transcends distance, beliefs, and world events through metaphysical healing. Jesus sent his disciples out to heal. When they returned, they gratefully shared with the Master firsthand accounts of healing, and of connecting with receptive hearts. They also shared their individual challenges that prompted reformation and spiritual growth. With the same gratitude and expectancy of progress, you are gathered today for your association meeting. All of our work is the fulfillment of Jesus' command to "go and do likewise."

Mary Baker Eddy assures us, "God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless basis" (*Science and Health with Key to the Scriptures*, p. 258). Mind multiplies and governs the thoughts, acts, and purpose of every student. Humility, obedience, and actively practicing the teachings of Christian Science reveal the infinite possibilities of man governed by Mind.

One of our hymns states, "So fulfill your holy mission, / Safely pass through pilgrim-days, / Hope shall grow to full fruition, / Faith to sight and prayer to praise" (Henry Francis Lyte, *Christian Science Hymnal: Hymns 430–603*, No. 518, adapt. & alt.). Your consecrated, inspired, joy-filled work is deeply appreciated and much needed. We know your association day will support your holy mission and

strengthen your work. We think of you gathered together today and then going forth, letting your light shine.

We thank you for all you are doing, your commitment to church, and your practice of Christian Science.

With love and support,

Christian Science Board of Directors and Board of Education
